

# Trail Log: Gear Shopping List

## Sources of Supply:

### Ben Meadows

800 241 6401

[www.benmeadows.com](http://www.benmeadows.com)

### Forestry Suppliers

800 647 5368

[www.forestry-suppliers.com](http://www.forestry-suppliers.com)

## Tools for Trail Logging:

### Rolatape Measuring Wheel

Many shapes and sizes available. Avoid small wheels; they are meant for pavement. A three-foot circumference wheel works well. Avoid models with flimsy, folding handles – unless it will be used infrequently.

### Tape Measure

Stanley Fat Max 50 Feet, for example. Also available in 100-foot length.

### Clinometer

Suunto Self-damping Clinometer and Skylon Case: Percent and Degrees  
Ben Meadows #4JB-102200 for \$115.00 [Description: PM-5/360PC/Percent and Degrees]

### Leather Clinometer Case

Ben Meadows #4JB-102214 for \$7.50. Why use synthetic, when you can get this heavy-duty one?

### Rite-in-the-Rain Field Books and Notebooks

Take your pick; they come in all shapes, sizes and formats.

### Digital Recorder

For example, Sony IC Recorder #ICD-67, at Radio Shack.

### Digital Camera

### Digital Level

SmartTool by M-D Building Products, available at lumber yards for about \$100. Read-outs in Inches/Feet, Percent, and Degrees.

### Flagging

Bio-degradable is available.
